Please use your SURNAME as the payment reference.

If paying by cheque/money order

Please make payable to the Cactus and Succulent Society of South Australia Inc

CACTUS AND SUCCULENT SOCIETY OF SOUTH AUSTRALIA INC

INFORMATION AND MEMBERSHIP APPLICATION

ABOUT THE SOCIETY

The Society was founded in 1964 and is dedicated to promoting the understanding, cultivation and conservation of cacti and succulents to growers in South Australia. We currently have about 100 members of all ages, ranging from beginners to experts.

We hold several shows and have been represented at the Royal Adelaide Show. Our members display a wonderful range of plants which they have grown, and offer many beautiful plants for sale to gardeners and collectors. Visitors to our shows often leave with boxes full of useful additions to their collections and gardens, together with expert advice about cultivation.

We also have an extensive library of specialist books available on loan to members and we are constantly adding new titles. Should the time come when you would like to try your hand at growing from seed, we sometimes have a selection which we offer free to members.

We participate in national conventions held in different cities around Australia every 2 years, with some of our members being called on as speakers. These conventions are a wonderful opportunity to meet growers in other states, and to learn more about our hobby in a friendly and relaxing environment.

We issue a monthly illustrated newsletter to members and an annual journal. Newsletters can be received by post or by email. Collectors unable to attend meetings are not forgotten; our website is www.csssa.org.au.

We also have a facebook page!

Follow us on twitter @cactus_sa or Instagram @cactus_sa

ABOUT OUR MEETINGS

Meetings are held on the third Friday of every month at the Western Youth Centre, 79 Marion Road, Cowandilla. Attendance is free! Meetings start at 7.30pm and usually last until about 9.30pm. Upon arrival, you sign the attendance book and receive a token to vote in the plant competition. We also run plant raffles.

Each month we have a plant group selected for display and competition. One of our more experienced members usually discusses the plants brought in, and of course questions are welcome.

Most months we have a speaker on a subject of interest, which often includes a visual display or practical demonstration on a cultivation subject. We try to cover everything from basic "how to" of propagating, to members' travels abroad, relating tales of hunting for their favourite plants in habitat.

After the talk, it's time to grab a coffee or tea and a biscuit. We break for about half an hour to chat, peruse the library books etc. The break is followed by Society business and announcements, results of the plant competition and drawing of the raffles.

We often have members offering a selection of plants for sale, and this is a good way to acquire new plants, many of which are not available from other sources.

Come along and join us as a visitor, or join up as a member, meet some new friends and learn about your plants. Advice is always on hand, and it won't be long before you're as hooked on these plants as we are. **Be warned though, they are addictive!**

MEMBERSHIP APPLICATION

Please print in BLOCK LETTERS

First name of each applicant

Surname

Postal address

Street _____

Suburb _____ Postcode _____

Email (optional) _____

Phone (optional) _____

Would you like a metal Society badge (please tick)?

YES! (please add \$4)

Total amount enclosed/paid _____

If you have paid by direct debit to the Society's bank account (see details overleaf)

Please show date of transfer _____

Preferred method of delivery of newsletter (please tick one)

Our preferred method is email. This is not only more environmentally friendly, but ensures more funds can go to the Society!
